

## Press Information

### **The pulp and paper industry prepares for Wiesbaden**

***Darmstadt/Frankfurt, March 10, 2010* – The ZELLCHEMING General Meeting and Expo as the leading annual meeting of the pulp and paper industry in Europe takes place from June 29 until July 1, 2010 in the Rhein-Main-Halls in Wiesbaden. Congress und Expo offer a platform for branch experts and specialists of industry, research and development.**

The technical lectures at the 105th ZELLCHEMING General Meeting provides an excellent programme for further training, networking and exchange of experiences.

Supporting the General Meeting, the Expo presents machines and accessories for the entire process chain: from product development and production to service and consulting.

In spite of the economic crisis, about 200 exhibitors have already registered for the ZELLCHEMING-Expo 2010. This underlines the importance of the event for the branch even in difficult times. In 2009, ZELLCHEMING-Expo could welcome 278 exhibitors and about 3,000 visitors. The event is organised by the GzF Expo Team.

The ZELLCHEMING General Meeting and Expo establish not only the biggest yearly event for the pulp and paper industry in Europe, but offer also a central and easy-reachable venue with the city of Wiesbaden. You have direct connections by plane and train as well as by car. The event will be accompanied by a comprehensive supporting programme.

More information for the ZELLCHEMING General Meeting and Expo are available on [www.zellcheming.com](http://www.zellcheming.com) and [www.zellcheming-expo.de](http://www.zellcheming-expo.de).
